Add or Change Icons

Font Awesome iconic font is already integrated. So you can use any of [these icons](#), like this:

```
<i class="icon-magic"></i>
<i class="icon-thumbs-up"></i>
<i class="icon-smile"></i>
```

...

Images

All the placeholder images are placed to this folder:

```
images/photos/
```

To use your own images, replace this images (keeping the same filenames and file extensions).

In many cases it would be better if you kept the image dimensions the same too.

Logo

The default logo file is located at:

```
images/logo.png
```

Replace this file with your own logo and you're done. You may need to resize your logo if the height is bigger than 80px.
